EC 6011  Automated Monitoring and Control System for Shrimp Farms based on Embedded System and Wireless Sensor Network  
Nguyen Tang Kha Duy, Nguyen Dinh Tu, Tra Hoang Son, and Luong Hong Duy Khanh.......................................................... 1071

EC 7024  A Simple Statically Reconfigurable Processor Architecture  
Azmath Moosa, Mohammed Aneesh.......................................................... 1077

EC 7076  Raspberry Pi controlled SMS-Update Notification (SUN) System  
Patchava Vamsikrishna, Sonti Dinesh Kumar, Shaik Riyaz Hussain, Rama Naidu K .......................................................... 1081

EC 9008  Automated Traffic Signal for Hassle Free Movement of Ambulance  
Vasuki Shankar, Ruthvik Gautham, Vedaprakashvarma.................................................. 1085

EC 9012  Design and Implementation of an SMS Based Home Security System  
Biplav Choudhury, Tameem S Choudhr, Aniket Pramani K, Wasim Arif, Mehedi J .......................................................... 1089

EC 9013  DSP Implementation of Weil and Sidel’nikov Binary Pseudo Random Noise Codes  
Dundi Ajay, Sudha K L, Rajagopal A .......................................................... 1095

EC 9022  ARM Based Remote Monitoring and Control System for Environmental Parameters in Greenhouse  
Nagesh Kumar D N ............................................................................. 1099

COMPUTER COMMUNICATION

EC 3005  Offline Context Aware Computing in Smart Devices for Intelligent Reminders  
Vishal Gaurav, Virendra Kumar Shrivastava .......................................................... 1105

EC 6010  Advanced Fuel Level Tracking System Using Telematic Unit  
Dhivyasri G, RajeswariMariappan .......................................................... 1112

EC 7017  Amplitude-only Null Positioning in Circular Arrays using Genetic Algorithm  
Sameer Chakravarthy V V S S, Mallikarjunara Rao P .......................................................... 1118

EC 7018  ROI Based Near Lossless Hybrid Image Compression Technique  
Kuldip K Ade, Raghunadh M V ............................................................................. 1123

EC 7028  An Improved LSB Based Image Steganography Technique for RGB Images  
Amritpal Singh, Harpal Singh ............................................................................. 1128
Fusion Approach on Keystroke Dynamics to Enhance the Performance of Password Authentication
Ramu Thanganayagam, Arivoli Thangadurai ................................................................. 1132

A Novel Approach for Human Computer Interface Based on Eye Movements for Disabled People
Deepika S.S, Murugesan G ......................................................................................... 1139

Mitigation of Noise and Interference in ECG Signals with Savitzky-Golay Least Squares Polynomials and Discrete Wavelet Transform
Nasreen Suldana, Yedukondalu Kamatham ............................................................... 1142

Segmentation of Continuous Speech for Broad Phonetic Engine
Dheekshitha G, Jubin James Thennattil, Leena Mary .................................................. 1147

A Comparative Analysis of Face Annotation Schemes For Web Facial Images in Social Networks
Nandhagopal C, Priyanka K ......................................................................................... 1152

Effectiveness of FM CW Jammer Parameter on Break-Lock Condition of Phase Locked Loop in Monopulse Receiver
Harikrishna Paik, Sastry N N, Santi Prabha I .................................................................. 1157

Predictive Analytics on Electronic Health Records (EHRs) using Hadoop and Hive
Haritha Chennamsetty, Suresh Chalasani, Derek Riley ................................................ 1163

An Algorithm for ECG Analysis of Arrhythmia Detection
Amtul Salam K, Srilakshmi G ...................................................................................... 1168

A real time approach for QRS detection of ECG signal using network intrusion detection technique
Chinmay Chandrakar, Monisha Sharma ..................................................................... 1174

Lyapunov Based Approach for Target Tracking Control of a Mobile Robot
Fatima M.Kasim, Jisha V R .......................................................................................... 1182

Low Cost Solution to Remotely Refresh Display Devices using LED
Mohit Parihar, Venkatesh G ....................................................................................... 1188

A Low Power Low Noise Amplifier for Biomedical Applications
Deepansh Dubey, Anu Gupta ...................................................................................... 1193

Need for Development of Dietary Assessment Device for Free Living Environment-A Survey
Karthick K, Sudha Ramasamy, Prabhu Ramanathan ................................................... 1200
