

A quick look of the previous editions of ICECCT

“ICECCT is regarded as a leading premier event of its kind world wide in its first edition itself. ICECCT 2015 was attracted by hundreds of top academicians, research scholars, scientists, practicing and graduate engineers across the world.”

Scope of the Conference

The 2019 Third IEEE International Conference on Electrical, Computer and Communication Technologies (IEEE ICECCT 2019) aims to provide an outstanding opportunity for both academic and industrial communities alike to address new trends, challenges and emerging technologies on topics relevant to today's fast moving areas of Electrical Engineering, Electronics Engineering, Instrumentation and Control, Communication Systems, Computer Science and Information Technology. The conference will feature invited talks, pre-conference tutorials and technical paper presentations. The vision of IEEE ICECCT 2019 is to provide a platform for industrial professionals and researchers to discuss and share their research findings and explore the future directions in the emerging areas in Engineering and Technology.

Call for Papers

IEEE ICECCT 2019 invites full length original research contributions from engineering professionals from industries, R&D organizations, academic Institutions, government departments and research scholars from across the world. Full length original research contributions and review articles not exceeding six pages as per the IEEE double column format shall be submitted. The manuscript should not have been published in any journals / magazines or conference proceedings and not under review in any of the above. Further the manuscript should contain name of the corresponding author with e-mail id and affiliation of all authors. Softcopy of the full length manuscripts (in doc or pdf formats) shall be submitted to icecct2019@svsce.edu.in. All the submitted manuscripts will be sent for peer review and the corresponding author will be notified the outcome of the review process. If reviewers recommend for further improvements in the manuscript, the manuscript will be sent back to the corresponding author and the revised version of the manuscript shall be submitted within fifteen days on the date of notification. **The proceedings of IEEE ICECCT 2019 will be submitted to index in IEEE Xplore®.**

Topics (but not limited to)

EE

- ▶ Smartgrids
- ▶ Soft Computing Techniques in Power Systems
- ▶ Feedback Control Systems
- ▶ Power Electronics and Energy Efficient Drives
- ▶ Renewable Power Conversion Technologies
- ▶ Instrumentation and Control
- ▶ Power Quality Improvement Techniques
- ▶ Expert Systems and Artificial Intelligence Techniques

CS

- ▶ Geo-informative Systems
- ▶ Grid Computing
- ▶ Pervasive Computing
- ▶ Digital Image and Video Processing
- ▶ Computer Vision and Image Analysis
- ▶ Data Mining and Cloud Computing

EC

- ▶ Broad Band Communication
- ▶ Computer and Intelligent Communication
- ▶ Mobile and Optical Communication
- ▶ Wireless Communication
- ▶ Mobile and Optical Networks
- ▶ Wireless Sensor Networks
- ▶ Network Security
- ▶ Advanced VLSI Systems
- ▶ Embedded Wireless Systems

Registration Fee
